ACORN Clinic strives to improve the health of rural communities in North Central Florida through high-quality, patient-centered care, community partnerships, service learning and volunteerism.

**Mission**

To provide primary and preventive health services to individuals and families of rural North Central Florida, regardless of ability to pay.

ACORN Clinic provides high-quality, affordable medical care, dental care, and social services by staff and volunteers. ACORN acts as a bridge between patients and community resources. In partnership with educational institutions, ACORN functions as an exemplary service learning site for health professionals.

**Vision**

ACORN Clinic strives to improve the health of rural communities in North Central Florida through high-quality, patient-centered care, community partnerships, service learning and volunteerism.

**CORE VALUES**

Patient-Centered
Welcoming
Collaborative
Community-Involved
Healthy
Eco-Friendly

Keep Our ACORN Growing

Founded in 1974, the nonprofit ACORN Clinic has grown from a small group of volunteers to a full-service Medical and Dental Clinic. We invite you to grow with us in our current capital campaign to raise $500,000. It's been over 17 years since we launched our first capital campaign raising $800,000 put to good use ever since. After over 100,000 patient visits, ACORN's resources are showing signs of wear and our equipment needs updating. With this new campaign, our goal is to update our space and technology to better serve our current patients and take on even more patients.

SERVED IN 2016

1,299 TOOTH FAIRY OUTREACH VISITS for young children in schools and day care centers to advocate healthy habits and practices. 87% of patients WERE AT OR BELOW 150% of the Federal Poverty Level Guidelines.

25 COUNTIES

ACORN takes the extra steps to get what is needed to those who need it most.\n
- Michelle Farland, Clinical Pharmacist

4,527 medical clinic visits

5,079 dental clinic visits

Family planning, women's health, primary care, medication assistance, referrals for social services, laboratory testing as well as imaging, mammogram and transportation assistance when needed.

2,473 patients received $1.02 million in donated medicines & supplies
