

**October 2017: Steven J. Resnick, JD, DMD, MBA, CMA, FHFMA  
Board Certified by the Florida Bar in Health Law**

The ACORN Clinic is excited to announce Steven Resnick, the Florida Blue 2018 Jefferson Public Service Champion Award winner, as the October 2017 Volunteer of the Month. Steven has been providing free legal counseling and services to the ACORN Clinic for over 10 years! Steve volunteers his time and assistance to ACORN because he, “believes in the mission and work we are doing in the community.”

Mr. Resnick began his career as a practicing dentist but went on to become a board-certified health law attorney. He feels that his work at the ACORN Clinic connects his professional career to the surrounding community and enjoys how the needs of ACORN are always changing. Steven said, “I love how different the services I provide to ACORN are from my day-to-day work; the challenge strengthens my skill set.”

Hailing from Boston, Massachusetts Steven is a HUGE fan of all Boston sports teams and enjoys watching their games. Steven noted that “all of my interactions with the staff and volunteers at ACORN have been positive and professional.” He admires the patient- centered care model ACORN uses and hopes to see the clinic gain more financial support from the community to keep fulfilling its vital mission.
